

# Iraqi Radio License

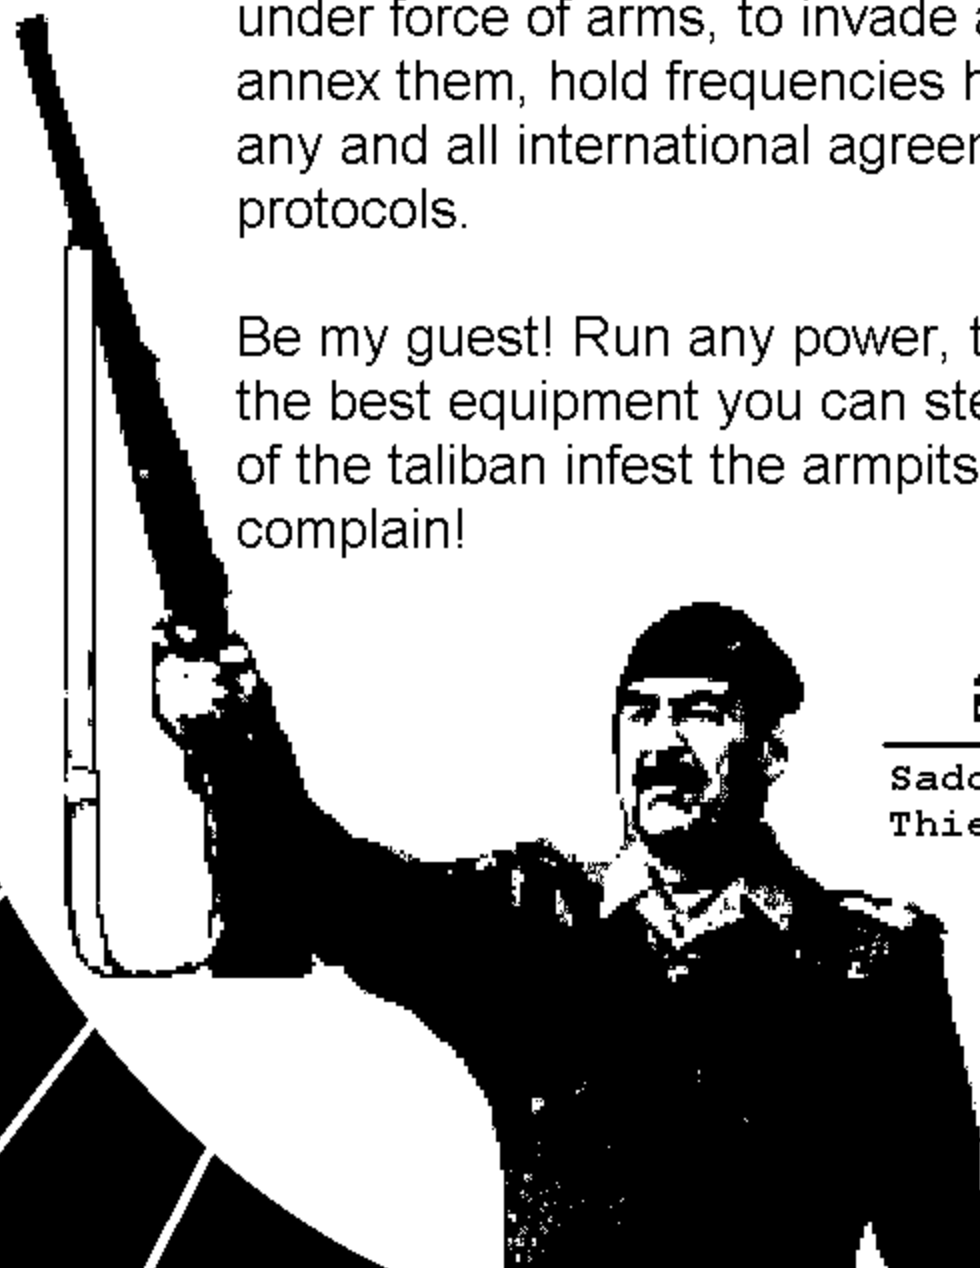

Ham, CB, Broadcast, Clandestine, Whatever.

*issued to:* \_\_\_\_\_

As the holder of this license, you have the right, under force of arms, to invade all radio bands, annex them, hold frequencies hostage, ignore any and all international agreements, ethics, and protocols.

Be my guest! Run any power, try any mode, use the best equipment you can steal. May the fleas of the taliban infest the armpits of all who complain!
